

LA QUALITÀ COME PRINCIPIO

Pisellini

30 g of pasta filata, lovingly woven by the Montrone master cheesemakers, giving life to your creative dishes, finger food, ideal for aperitifs and cold dinners.

Ingredients: Raw milk, salt, rennet and acidity regulator: citric acid*.

*Citric acid is very common in nature and is naturally present in milk. It is used for the production of Fiordilatte, in place of lactic ferments, to enhance the sweet taste of fresh milk.

Allergens: milk and lactose.

Organoleptic characteristics: it has a woven shape with elastic and white dough. The taste is savoury, with a light and milky aroma.

Chemical characteristics: the product respects the chemical characteristics of EC Regulation 1881/2006 and its subsequent amendments.

Physical characteristics: Moisture: 70.4 g/100 g - pH between 5.5-6.2

Microbiological characteristics: the product complies with the parameters and limits of EC Regulation 2073/2005 and its subsequent amendments.

Time limit for use: 14-day expiry date with the package intact.

Storage and transport: the product must be stored and transported at a temperature between $0-+4^{\circ}C$.

Country of milking: Milk from EU countries

Country of transformation: Italy
